

Supportive Housing, Child Welfare, and Student Homelessness an emphasis of the

2017 SUPPORTIVE HOUSING SUMMIT – *Keys to Success*

October 3rd and 4th

Rosen Plaza, Orlando, Florida

Early registration ends September 15, 2017

The Florida Supportive Housing Coalition is hosting its first statewide event focused on how to develop, operate and support housing for families and children, persons with special needs and those experiencing homelessness. Statistics show when children are separated from their parents at an early age, they are at greater risk for mental health problems, developmental delays, and difficulty forming relationships later in life. Recent studies also show that student homelessness is increasing

Come learn from local communities, national supportive housing and children's experts on ways to impact this trend.

- ◆ Plenary sessions and workshops on housing, families, and child welfare
- ◆ Over 30 workshops provide clinical CEU's
- ◆ The Institute for Children, Poverty and Homelessness will provide state solutions to improve outcomes for students who are homeless
- ◆ Corporation for Supportive Housing discuss ways to keep families together
- ◆ Workshops on how to fund, develop and operate supportive housing including housing for children aging out of foster care
- ◆ Facts on healthcare costs and housing
